

JOGYE ORDER OF KOREAN BUDDHISM
ORIGINAL LIGHT ZEN TEMPLE

April 17, 2017

Dear Sangha, Respected Practitioners, Supporters and Honorary Members,

Our beloved temple has reached a milestone: After ten years of legal uncertainty, the license for the main temple building was issued by the relevant authorities and came into force.

We want to thank all of you for your help and support so far, and wish to shape our spiritual future together.

This legal remedy comes with a financial burden, nonetheless: Along with the projects that we have started earlier, we have to meet the conditions imposed by the ruling. Ongoing projects include a new sewage treatment facility, a recently drilled well, and more work in the garden involving the need for a new tractor. We have also put gravel onto the last mile of the road leading to the temple last year.

We are aware how difficult it may be to extend any financial help these days. Please consider our plea for help as an integral part of our effort to put the temple on solid ground, legally and financially alike. Fulfilling these conditions means that we can all proceed on the Path and further cultivate the noble practice of meditation together.

Deep in the ground, some foundations are barely visible, though they are indispensable for any lasting and useful structure. We know that most of you would contribute more willingly to the actual construction, where every beam, tile, door and window bear witness to your generosity. Yet now we are most in need of your help to cover the 6,600,000 HUF (cca. 21,500 EUR or 23,000 USD) towards the authorities.

We gratefully accept your donation to the following bank account:

Beneficiary: Eredeti Fény Zen Közösség
MagNet Bank IBAN: HU68 1620 0106 1152 2463 0000 0000
Note: Donation for license

Taking refuge in the Three Precious Gems, the Buddha, the Dharma and the Sangha, and bowing to your wisdom and compassion,

With palms together,

Chong An Sunim
abbot
